This matter comes before the Public Service Commission of South Carolina (the Commission) by its own Motion, wherein the Commission has determined that it is appropriate to combine the instant dockets for hearing purposes and for all other related matters. It appears to the Commission that the interest in the increase proposed in Docket No. 91-682-W/S and the interest in the transfer of the utility in Docket No. 92-243-W/S and the proximity in time of the two filings, that it would be more administratively efficient and less of an imposition on the interested parties to combine these matters for hearing purposes and for any other matter that may arise during the course of these proceedings.

Therefore, the Commission hereby combines Docket Nos. 91-682-W/S and 92-243-W/S for hearing purposes and for all other related matters.

IT IS SO ORDERED.

BY ORDER OF THE COMMISSION:
